 - Health

Ajay Pittman
State Representative
House District 99

January 28, 2026

To House District 99

Serving House District 99 has been one of the greatest honors of my life.

From the very beginning, I understood that this role was never about a title — it was about responsibility. Responsibility to listen carefully, to show up consistently, and to represent a community rich in voices, experiences, and perspectives with integrity and care.

Together, we worked on issues that mattered to our neighborhoods, our families, and our future. We had hard conversations, celebrated progress, and navigated challenges with resilience. I am deeply proud of what we accomplished and grateful for the trust you placed in me to do this work on your behalf.

Public service is demanding, often imperfect, and always human. But what made this experience meaningful was you — the constituents who engaged thoughtfully, who held me accountable, who shared their stories, and who believed in the importance of showing up for one another even when it wasn't easy.

While this chapter of elected service is coming to a close, my respect for this community and my commitment to civic engagement do not end here. House District 99 has shaped me as a leader and as a person, and I will carry that with me into whatever comes next.

Thank you for the opportunity to serve, for the conversations we shared, and for allowing me to be part of this chapter in our district's story.

With sincere gratitude,

Sincerely,

Representative Ajay Pittman
House District 99
Co-Chair, Native American Caucus
